

Thank you for choosing Seaside Gas. Your business is greatly appreciated.

Most of our work comes to us by word-of-mouth – referrals from satisfied customers. We are meticulous about workmanship and quality of equipment, and hope that you are pleased with your installation.

We will have registered new HVAC equipment for warranty, where applicable, and will send you a copy by email.

We maintain and service our systems, and have put you on our reminder list to schedule annual services.

My goal is to have lasting, long-term relationships with our customers. Welcome to the Seaside family.

Sincerely,  
-Kevin Saunders, Seaside Gas Service
